

Why Support Those Who Will Engage in the 15th Annual FPP Financial Capability Training Conference?

Support Those Who Serve and Influence Their Communities – As Financial Capability practitioners learn together, they gather knowledge, skills and insights that allow them to serve their communities at their best! They deserve that. Their communities deserve it, too! And you can be a factor in making that happen for others!

Foster Partnership for Collective Impact – FPP Conference participants convene seeking ways to collaborate with others from their own region, and from across and beyond Florida! They share their model practices and work together to generate exponential impact for others! It is so simple, yet true . . . we are better together! And your organization's support dollars make this difference come alive!

Who Engages in the Training Conference and Retreat?

The annual gathering FPP organizes brings together leaders and practitioners of all levels representing non-profit organizations large and small, financial institutions, academic circles, for-profit organizations and quasi-government entities to work toward the common cause of lifting every Floridian!

15th Annual FPP Financial Capability Training Conference
